

## Music

---

### Structure of the lesson plan

**Brief summary of the main activities:** Students have to make use of the knowledge learnt about different music styles and lyrics writing, and write a blog related to music. Then students also have to read about a particular singer and come up with a set of interview questions which can be asked to this same singer.

**Main methodologies:** The main methodologies used will include co-operative learning, the learning scenarios and flipped classroom.

**Total time:** The total time for this learning unit should be 8 hours. However, this may vary according to the students' needs.

### **Competences:**

#### **Knowledge and skills:**

- Recognise different types of music and speak about them
- Write a blog entry related to music
- Listen to and evaluate lyrics from different songs
- Identify use of poetic language within song writing
- Look for information about a particular artist on the net or magazines
- Think of and practise an interview with a popular artist. (For this, a local, popular artist can be invited to class and students have to ask him/her questions about the music career) -

#### **Speaking Skills**

\*The last two steps can be linked. After looking for the necessary information, students will use it to come up with the questions they will ask during the 'interview' with the artist.

#### **Soft skills:**

- Respect each other
- Collaborative skills

## *POCKET Tools*

### *Foreign Language – Unit 2*

#### Learning outcomes:

**Knowledge:** Students recognise different genres of music, listen to and evaluate lyrics from different songs; and identify the use of poetic language within songs.

**Application:** Students are able to write a blog entry related to the subject.

Students also use the most relevant surfing platforms (to search for information about a particular artist).

**Analysis:** Students look for structures and examples of interviews and produce one themselves.

**Synthesis:** Students are able to recognise different types of blogs and interviews, and analyse them in order to come up with their final product.

**Affective:** students improve their communication skills (both oral and written). They also improve their listening skills through the listening of songs.

#### European Key Competences:

- **C2: Communication in foreign language** – It involves, in addition to the main skill dimensions of communication in the mother tongue, mediation and intercultural understanding. The level of proficiency depends on several factors and the capacity for listening, speaking, reading and writing.

Some important factors are:

- communicate in a respectful tone and manner
- listen actively and communicate effectively with others
- write clearly and accurately according to the context and format
- listen to and ask questions to understand other people's viewpoints

- **C3: Basic competence in technology** – The ability to make use of ICT to search for information about music and writing a blog.

- **C5: Learning to learn** – The ability to pursue and organise one's own learning, either individually or in groups, in accordance with one's own needs, and awareness of methods and opportunities.

- **C8: Cultural awareness and expression** – this involves the knowledge that students have about different types of music from different countries. Furthermore, while students interview a local artist, they will be widening their knowledge of their own culture.

## *POCKET Tools*

### *Foreign Language – Unit 2*

#### **Assessment:**

#### **Prerequisites:**

- Music jargon in the foreign language
- How to structure short sentences in English, making use of adjectives related to music and simple connectors
- Expressing likes and dislikes
- Present tense (simple and continuous) and future tense (when asking questions in an interview)
- Reading (scanning and skimming)
- Listening (for specific information)

#### **How to assess the prerequisites – 40-minute-test**

1. Exercise no.1: matching pictures and words and labelling pictures about MUSIC vocabulary
2. Exercise no.2:

#### **Final Assessment:**

**The product:** writing a blog related to music; create a structured interview to ask to a singer/DJ/artist

**The process:** how the students have been working in terms of hard and soft skills

#### **Profile of the teacher; terms of reference:**

*Is there any special knowledge or skills one should have in order to be able to deliver the module?*

Knowledge of vocabulary and different genres related to MUSIC. The teacher should also be acquainted with blogs and interview styles which will be used during the L.U.

### Attachment 1: Cooperative Learning Rubric

	<b>4</b>	<b>3</b>	<b>2</b>	<b>1</b>
<b>Team Work: How well did your group work together?</b>	Worked extremely well together; you provided a model to other groups as you were seen; you stayed “on task” involving each member and took your teamwork seriously; highly productive	Worked very well together; you were productive and cooperative and worked to get everyone involved.	Attempted to work well most of the time; at times you were “off task” and not all members were actively involved; this diminished the overall effectiveness of the group. Responsibility is unevenly shared by group members.	There was little or no teamwork involved. You did not respect each others’ opinions and were disagreeing over your group’s work. Exclusive reliance on one or two persons.
<b>Active Learning: How well did your group seek solutions?</b>	Was extremely clever in seeking different solutions through “risk taking” and exploring different approaches and strategies in an original and/or creative way.	Was clever at times in seeking solutions through “risk taking” and exploring different approaches and strategies.	Sought a single solution through different approaches and strategies but did not pursue better/original alternatives when a solution was found.	Relied on the first solution generated and used a single strategy to find it.
<b>Communication: How well did your group communicate and share information?</b>	Went above and beyond in communicating thought processes and strategies by asking questions, discussing ideas, listening, offering constructive criticism and summarizing discoveries.	Communicated and elaborated on the thought processes and strategies by asking questions, discussing ideas, and listening.	Communicated thought processes and strategies but did not listen to constructive criticism.	Members of the group worked individually and did not communicate with one another. Members of the group lacked a respect of each other by not listening to each other’s thoughts and ideas.

	Exemplary – 4	Proficient – 3	Partially Proficient – 2	Incomplete – 1	POINTS
Use of Available Class Time	Students used class time well and achieved what they needed to do without being reminded to stay on task.	Students used class time well overall, however, students had to be refocused at least once.	Students used class time appropriately but did not take full advantage of the time and or resources available to them. Students had to be refocused more than once.	Students were rarely on task and utilized class time poorly.	
Ad Content	Appropriately utilized the primary assigned propaganda technique while incorporating other secondary techniques to supplement it.	The primary propaganda technique is appropriately utilized but is not supplemented with any other secondary technique.	The primary propaganda technique is somewhat appropriately utilized and no other technique is utilized.	Fails to utilize or demonstrate the assigned propaganda technique.	
Creativity	Highly creative, well thought out, and original. Demonstrates effort, innovative interpretation, and creative production. Highly visually appealing.	Mostly creative production and clearly thought out. Most ideas presented demonstrate original and creative interpretation. Visually appealing.	Somewhat creative, planning is clear, some ideas demonstrate original thought, however most appears to be borrowed. Somewhat visually appealing.	Severely lacks creativity and shows little if any originality or effort. Lacks visual appeal.	
Written Portion	Well written and clear/accurate explanation of the primary and any secondary techniques used. No grammatical or spelling errors.	Well written, somewhat clear and accurate explanation of primary and any secondary techniques. Some grammatical or spelling errors.	Written explanation does not accurately explain the primary or secondary techniques utilized in the ad. Several grammatical or spelling errors.	Poorly explains the primary techniques utilized and does not address any secondary techniques utilized. Several grammatical or spelling errors.	
Group Effort/ Collaboration	Each member appeared to contribute equally in the production of the video or presentation of the poster.	It is apparent that at least one member was not involved in the production of the video or presentation of the poster.	Multiple members were apparently not involved in the production of the video or presentation of the poster.	One student monopolizes time in the video or in the presentation of the poster.
